5 LEAKS · MEASUREMENT

1 · ONE QUESTION

**Ask every student:
"Where did you hear about
us?"**

Put it on your signup form and your payment form. Every single time.

Write the answer down. Don't trust your memory.

2 · ONE KEYWORD PER AD

Give every ad its own WhatsApp keyword.

Ad 1: "Send CLASS1 to join."

Ad 2: "Send CLASS2 to join."

When a message says CLASS2, you know exactly which ad worked.

Keywords are examples. Pick your own.

THEN

Double the winner. Stop the loser.

The ad with the most paying students gets your next naira.

The one with lots of signups and no payments has a leak. Fix it before you pay for it again.
