THE DIAGNOSIS

Indie Hackers post
Indie Hackers

You've probably stared at your homepage so many times that you've stopped actually seeing it.

WHAT FOUNDERS TRY

Indie Hackers post
Indie Hackers

already changed: The headline, The CTA,
The hero image, The pricing section,
The testimonials, The navigation, The
page layout.

Changed everything. Still missed it.

THE STRANGER TEST

Try this today

- 1 Give your phone to someone who has never seen your page
- 2 Ask them to join your program. Don't help.
- 3 Watch where they pause, scroll back or ask a question

Every pause is a leak you stopped seeing.
