NEWS IN 60 SECONDS

01 · INSTAGRAM

You can now add posts you're tagged in to your own grid.

A client's post that tags you can sit on your profile as proof. You don't need them to send you the file.

02 · GOOGLE VIDS

Google made AI video generation in Google Vids free for any Google account.

Rough product demos and ad ideas now cost you nothing to draft. Check the quality before you use it in ads.

03 · YOUTUBE SHORTS

YouTube announced Gemini editing for Shorts: trim speech, sync music and add text hooks by typing.

Seasons and episodes for Shorts are coming too, rolling out over the coming months. Plan your lessons as a series now.
