BUYERS NOTICE

They refresh the page. The timer starts again.

They screenshot it. They tell their friends.

FAKE URGENCY VS REAL URGENCY

Swap these

**A timer that
resets**

FAKE

A real end date and time.

**"Only 2 slots
left!!!"**

FAKE

The real number of seats.

**"Price goes up
soon"**

VAGUE

"N75,000 from Tuesday 1 December."

REAL REASONS TO BUY NOW

A real start date. A real seat limit. A bonus that really ends.

If none of those are true, don't pretend. Sell the result instead.
